Council business	-Ice cream to be sold June 11 during first NB -Year in review. Fundraisers for next year, look into local vendors for doughnuts vs Krispy Kreme as fundraiser wasn't as successful this year -Terra cotta cookies, sell date over March break seemed to be a negative, next year do in the fall as first fundraiser of the year -Pizza days, bring back pepperoni next year, stick with whole pizza to keep costs low. If possible, keep using Greenhill Pizza. -Pita Pit, excellent feedback, popular should bring back and alternate with Pizza day.

	-Smoothies very well received, Raw roots great to work with, should keep for next year. -Ice cream, repeat next year. Confirm if other food items are being sold to order accordingly. Must have 3 people to rotate to ensure we can enjoy event as well. -Council does not have to fundraise at every event, it's ok to just be a parent. -Giving market, next year more student helpers. Rework gift wrap station to run smoother. Items already being stocked piled. -Book fair fish tank frenzy – well received, would require someone to encourage people to play. Feedback positive, approximately \$60 raised. Look into different events to use it. -Heather requested to bring back paint night - Victoria to look into TCBY yogurt fundraiser for next year -Nicoles last meeting as kids are graduating - First meeting of next school year September 29th, 2026
